

## Cylindrical magnetic pins

Our Arelec Solution magnetic ferrite pins are available in a range of shapes, sizes and colours. They can be fixed anywhere in your office, keeping your documents close at hand. Their magnetism makes them easy to reposition quickly on any metal surface (whiteboards, fridges, notice boards, etc.).

| Model                     | Reference | Color  | Dimensions (mm) | Quantity per smallest packaging |
|---------------------------|-----------|--------|-----------------|---------------------------------|
| Pins cylindrical magnetic | 0274011   | Silver | Diameter 9      | 1000                            |
|                           | 0274012   | White  |                 | 1000                            |
|                           | 0274013   | Blue   |                 | 1000                            |
|                           | 0274014   | Black  |                 | 1000                            |
|                           | 0274015   | Gold   |                 | 1000                            |
|                           | 0274017   | Red    |                 | 1000                            |
|                           | 0274018   | Green  |                 | 1000                            |
|                           | 0274019   | Yellow |                 | 1000                            |
|                           | 0273050   | White  | Diameter 18     | 360                             |
|                           | 0273051   | Blue   |                 | 360                             |
|                           | 0273052   | Yellow |                 | 360                             |
|                           | 0273053   | Black  |                 | 360                             |
|                           | 0273054   | Red    |                 | 360                             |
|                           | 0273055   | Green  |                 | 360                             |
